REMINDER ABOUT APPOINTMENTS

During this busy holiday season, here are some important reminders about appointments:

- ✓ As we continue to try to improve patient access, we need your help! If you 'no show' to an appointment, that is a time that another fellow patient could have been seen.
- ✓ If you cannot attend your appointment or plan on not attending, please call asap to reschedule.
- ✓ Please try to arrive 15 minutes prior to your appointment. If you are going to be late, please call so that the care team is aware and can discuss options.
